SPONSORING CHURCH

Participation in the Matching Church Leadership Scholarship program by a sponsoring church involves accepting responsibility to make contributions in accordance with Internal Revenue Service guidelines. **Specifically, this means that contributions from this scholarship program must be from the church and cannot represent designated gifts from an individual for a particular student.** Failure to adhere to these guidelines could jeopardize the scholarship program.

Evangel University agrees to 1:1 match for church contributions up to \$250 per semester for a student who meets the criteria for the scholarship. Church contributions should be made payable to Evangel University and may be sent with the application. Matching funds cannot be credited to the student's account until the church funds are received and the pastor has verified the origin of the contribution.
