**Additional Information**

A TEFL Certificate from a recognized academic institution is widely accepted as qualification to teach such students; thus, it can be a means to future employment and ministry within other cultures. The TEFL Certificate is available to Evangel students of all majors who have at least official sophomore standing and official Writing Proficiency status. This certificate will prepare students to teach English as a foreign language in an overseas setting. (It does not, however, certify a person to teach ESL within the U.S. public-school systems. Each state has its own requirements, which usually involve training at the level of at least a minor.) The Program requires 14 credit hours of work in the following courses: TESL 433, TESL 436, TESL 445, TESL 336, and TESL 497. (Note: this sequence is recommended.) **Students must work closely with their advisors to work these courses sensibly into their academic schedules.**

The TESOL Minor consists of 18 required credits (TESL 433, 436, 445, 439, 336, and 497) and 3 elective credits (ENGL 298, TESL 438, TESL 455, or TESL 493), for a total of 21 credits. This minor will prepare students to teach English as a second language in the United States or overseas. Each state has its own certification requirements, which usually involve training at the level of at least a minor. Evangel's program is calibrated with the requirements of Missouri's Department of Elementary and Secondary Education. Students in the TESOL Minor program must achieve a grade of at least C- in each course for the TESOL minor.
