Total minimum to graduate 124

[1] If course is not required, substitute another course or choose a course from either your second major, second concentration or minor (whichever is applicable). In order to complete all hours in four years it is recommended you maintain 15-18 hours per semester. Suggested Courses for Electives: Biology, Chemistry, Foreign Language, Cultural Diversity.

The listing above only represents a suggested course sequencing as required to graduate with this major. The students are ultimately responsible for their own degree program. An academic adviser is assigned to the student for guidance in these matters, but the responsibility for meeting the requirements belongs to the student.
