## **Preparation of the Annual Disclosure of Campus Crime Statistics**

To comply with *the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act*, the Director of Public Safety is designated as the Campus Security Survey Administrator, who is responsible for the preparation of the Annual Security Report (consisting of campus security policy disclosures and campus crime statistics for the previous three calendar years) and its submission by October 1 to the U.S. Department of Education.

This Annual Security Report is prepared in cooperation with local law enforcement agencies surrounding our campus, as well as Evangel University's Student Development Division, which provides updated information on the University's educational programs and policy disclosures conducted in order to comply with the Clery Act.

Additionally, the Annual Security Report includes the frequency of occurrence of certain categories of crimes specified in the Clery Act. These crime statistics are collected by the Director of Public Safety from the following sources: incident reports written by EU Public Safety officers; information that may be provided by the Springfield Police Department, Missouri Highway Patrol and/or the Greene County Sheriff's Department; reports provided by campus victims of crime; and reports provided by EU officials designated as "Campus Security Authorities" (including, but not limited to: vice presidents, directors, department heads, Community Life Department staff, athletic coaches, and faculty/staff advisors to student organizations). Once Evangel University's crime statistics report has been submitted to the U.S. Department of Education and reviewed by that staff, the Department of Education will make that data available to the general public at <http://ope.ed.gov/security>.

It is the policy of Evangel University that the Vice President for Student Development or designee shall distribute by electronic mail, to all enrolled students, faculty and staff, the appropriate hyperlink to the Annual Security Report; that the Human Resources Director will notify prospective employees of the availability of the report; and that the Admissions Director will notify all prospective students of the availability of the report.

## **Access Control**

During business hours the University facilities (excluding housing facilities) will be open to students, parents, employees, contractors, and guests. During non-business hours access to these facilities is gained by utilization of a proximity access card (*CrusaderCard*), if issued, or by admittance via Department of Public Safety personnel. In the case of periods of extended closing, the Department of

Public Safety will admit to University facilities only those having prior written approval.

Some facilities, such as the Ashcroft Activities Center, Mabee Student Fitness Center, and the Kendrick Library, may have hours of operation that may vary at different times of the year. In these cases the facilities will be secured according to schedules developed by the department responsible for the respective facility.

Residence halls are locked 24 hours per day. During semesters, access to residence halls is gained by utilization of a proximity access card (*CrusaderCard*) or by admittance via Community Life staff or Department of Public Safety personnel, and is limited to the Director of Community Life, residence directors, resident students of the respective hall and their guests, as well as EU housekeeping staff and RV MAPS volunteers (6:45 a.m.-5:00 p.m.). Authorized service personnel (select Physical Plant staff and IT staff) are allowed access to residence halls to conduct their duties 7:00 a.m. – 10:00 p.m. and are limited to 10:00 a.m. - 5:00 p.m. for non-emergency repairs; exceptions may be made after hours to make emergency repairs. Vending Machine Vendors are allowed access to the residence halls from 6:00 a.m. - 5:00 p.m. M-F, and Newspaper vendors are allowed access to the residence hall from 6:00 a.m. - 8:00 a.m. every day.

Over extended breaks, the doors of all residence halls will be secured around the clock, and access will be limited to residence directors, EU housekeeping staff, authorized service personnel, and only those resident students who might be given authorization by the Director of Housing for such access.

Emergencies may necessitate changes or alterations to any posted schedules.

Security surveys will be conducted in areas that are identified as problematic. These surveys examine security issues such as landscaping, locks, alarms, lighting, and communications. The Department of Public Safety checks for appropriate lighting and other safety concerns and reports problems to the Physical Plant Department for correction.

### **Campus Law Enforcement Authority**

Evangel University Department of Public Safety officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Evangel University. Evangel University Department of Public Safety officers have the authority to issue parking tickets and traffic citations.

Public Safety officers do not possess arrest power and are not commissioned police officers. Public Safety officer's jurisdiction is comprised of property

owned and/or controlled by Evangel University. Criminal incidents are referred to Springfield Police Department who have jurisdiction on the campus. The Department of Public Safety at Evangel University maintains a highly professional working relationship with the Springfield Police Department. Evangel University does not have a formal Memo of Understanding with the Springfield Police Department.

All crime victims and witnesses are strongly encouraged to immediately report the crime to the Department of Public Safety at ext. 7000 or (417) 575-8911 and the Springfield Police Department. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

### **Procedure for Reporting Criminal Offenses**

Students, faculty, staff, and guests are expected to report all crimes to the Springfield Police Department and the Department of Public Safety in a timely manner. Any suspicious activity or person seen in parking lots or loitering around vehicles, inside buildings or around the residence halls should also be reported to the Department of Public Safety.

To report a crime or an emergency on the Evangel University campus, call the Department of Public Safety from a campus phone at extension 911 or, from outside the University phone system, (417) 575-8911 or (417) 865-2815 ext. 7000. To report a non-emergency security related matter, call the Department of Public Safety at extension 7000 or, from outside the University phone system, (417) 575-8911 or (417) 865-2815 ext. 7000. Sex crimes may also be reported to the Title IX officers, the Director of Human Resources and the Vice President for Student Development.

Dispatchers are available at these respective telephone numbers 24 hours a day to answer your call. In response to a call, the Department of Public Safety will take the required action, dispatching an officer or asking the victim to report to the Department of Public Safety to file an incident report.

All Public Safety incident reports involving students are referred to the Vice President for Student Development and the Community Life Department for review and potential disciplinary action. Incidents are reviewed by the Director of Public Safety or his designee to determine if a timely warning notice is appropriate. The Department of Public Safety will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Vice President for Student Development and the Community Life Department.

If assistance is required from the Springfield Police Department, the Department of Public Safety will contact Springfield-Greene County 911 and request an officer. Crimes should be reported to the Springfield Police Department and the Evangel University Department of Public Safety to aid in providing Timely Warning notices to the community, when appropriate, and to ensure inclusion in the annual crime statistics report.

### **Prompt and Accurate Reporting**

Evangel University encourages and expects victims and witnesses of crimes to report crimes to the Springfield Police Department and to the Department of Public Safety even if the victims do not want to pursue action within Evangel University's Community Accountability Program or through the local or state criminal justice system.

The Department of Public Safety is not a police department. The university encourages and expects victims and witnesses of crimes to report crimes to the Department of Public Safety as well at: extension 7000 or (417) 575-8911

When the victim of a crime elects to, or is unable (physically/mentally) to make such a report either witnesses or Evangel Community members can make a report on behalf of the victim.

All reports made to local law enforcement, Evangel Public Safety or a Campus Security Authority are counted and disclosed in the annual crime statistics for the institution and will be evaluated by the Director or his designee to determine if an immediate notification, timely warning, or public safety announcement should be made.

### **Voluntary Confidential Reporting**

If you are the victim of a crime and do not want to pursue action within the Evangel University System or the criminal justice system, you may still want to make a confidential report. With your permission, the Director of Public Safety or a designee of EU DPS can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to keep your identity confidential while allowing others to take precautions to insure their safety. With such information, Evangel University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the

campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

## **Timely Warning**

### **A. Definitions:**

Clery Act Crimes—Criminal Homicide, including: a) Murder and Non-Negligent Manslaughter; and b) Negligent Manslaughter; Rape, Forcible Fondling, Statutory Rape and Incest.; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; Arson; Domestic Violence; Dating Violence; Stalking and Hate Crimes.

Campus Security Authorities—Campus police; non-police security staff responsible for monitoring campus property; individuals and offices designated by the campus security policies as those to whom crimes should be reported; and officials of the institution with significant responsibility for student and campus activities.

Pastoral counselor—A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Professional counselor—A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

### **B. Requirements:**

In order to keep the campus community informed about safety and security issues on an ongoing basis, an institution must alert the campus community of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. Efforts will be made to avoid unnecessarily identifying the victim in such cases.

These crimes must include all Clery Act crimes that are:  
Reported to campus security authorities and local police agencies;  
and are considered by the institution to represent a serious or continuing threat to students and employees.

In addition to making timely warnings, an institution is required to have a timely warning policy. All Title IV institutions are subject to the timely warning regulations. There are no exceptions.

Timely warnings can be issued for threats to property, as well as for threats to persons. It is irrelevant whether the victims or perpetrators are members of the campus community.

Timely warnings must be issued in a manner that gets the word out quickly communitywide.

The responsibility for the warning rests solely with the institution.

The institution's policy on timely warnings should specify who or which office is responsible for issuing the warnings.

The issuing of a timely warning must be decided on a case-by-case basis in light of all the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts.

An institution is not required to provide a timely warning for crimes reported to a pastoral or professional counselor.

FERPA does not preclude an institution's compliance with the timely warning provision of the campus security regulations.

#### C. Summary and Procedures:

The campus crime "Timely Warning" is provided to heighten awareness and to provide students, faculty and staff timely notification of Clery Act crimes that are considered to represent a serious or ongoing threat to the campus community. The warning will provide pertinent information related to the crime and available suspect information.

The Director of Public Safety or his designee is responsible for preparing and issuing timely warnings. The Director of Public Safety will make the decision to issue a timely warning on a case-by-case basis considering the facts surrounding a crime, including the continuing danger to the campus community and the possible risk of compromising law enforcement efforts.

When the Director of Public Safety issues a Timely Warning, it will be issued when deemed appropriate through the university email system to students, faculty, and staff, posted around campus and may be posted in the campus newspaper, The Lance. Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Department of Public Safety may activate the electronic messaging system, campus wide intercom system or other means of communication, providing the community with more immediate notification. In such instances, a copy of the notice will be posted in each residence hall and updates regarding the situation will follow as more information becomes available.

Anyone with information warranting a timely warning should report the circumstances to the Department of Public Safety, by phone (417-865-2815 ext. 7000 or (417) 575-8911) or in person at the Department of Public Safety in Riggs Hall 208.

## **Emergency Notification**

Evangel University utilizes an Emergency Notification System (ENS) for faculty, staff, students, and affiliated university constituents. After responsible personnel have been made aware of an emergency that poses a significant threat to the health or safety of students or employees occurring on campus, affecting all or part of the Evangel University campus, the ENS is activated without delay by the Department of Public Safety. Initial confirmation for activating the ENS may occur by observation of a public safety officer, notification from an emergency liaison, multiple witness telephone calls, or an alarm system notification received at dispatch.

The ENS message will contain pre-scripted brief messages or tailored content developed by the Director of Public Safety or designated staff member. The information will be shared to help the public take action for their safety. An “all clear” message or follow up information will be disseminated as appropriate.

Localized incidents within a building, such as a small fire or hazardous material spill in a lab most likely will not require a mass notification.

In the event of an emergency that poses a significant threat to health or safety of students or employees occurring on campus, the ENS, campus-wide intercom system, fire detection system, email, website, social media sites, and/or phone attendant messages may be activated to notify the campus community, as Evangel University administrative

personnel deem necessary, based on the circumstances of the event. The ENS activation may make notifications in the following manner:

- Vocal telephone message
- E-mail
- SMS text message

Faculty, staff, and students are responsible for providing all necessary information to insure a successful message delivery. At the beginning of each semester, students have an opportunity during registration to change their contact information. Faculty and staff information is gathered upon hire and can be updated through the Human Resources Office. It is the responsibility of each faculty member, staff member, and student to provide the correct information for contact and update the appropriate campus office when contact changes are made.

The following Evangel University officials have authority to activate the Emergency Notification System:

- President
- Vice President for Business and Finance and Information Services
- Vice President for Student Development
- Provost
- Director of Public Safety
- Assistant Director of Public Safety
- Public Safety Patrol Supervisors

After the appropriate notification system is selected, it may be used to transmit brief urgent messages. Emergency notifications may include, but are not limited to:

- Campus Closures
- Weather Warnings (Severe Thunderstorm Warnings & Tornado Watches & Warnings)
- Fire
- Natural gas leaks or hazardous material spills
- Natural disasters affecting the Campus
- Campus wide power outages and/or utility failures
- Violent criminal behavior
- Bomb threats or other imminent violent threats
- Explosions on campus
- Terrorism incidents

Dependent upon the contact information supplied by faculty, staff, and students, notification may be made in the following manners:

- Cell phone
- Home phone

- Business phone
- Evangel University email
- Personal email
- SMS text to cell phone

The ENS will be internally tested each month with key Campus Safety staff members and externally tested once a semester with the Evangel community.

Larger Community notifications will be accomplished through both regular media outlets as well as social media resources by the director of public relations.

### **Security Awareness Programs**

During new student orientation, students are informed of services offered by the Evangel University Department of Public Safety. Presentations outline ways to maintain personal safety and residence hall security. Students are informed about procedures for reporting crime on campus. A common theme of the program is to encourage students to be aware of their responsibility for their own security and the security of others.

In addition to seminars, information is disseminated to students and employees through articles in the student newspaper, *The Lance*. When time is of the essence, information is released to the university community through Timely Warning emails sent over the university's electronic mail system.

### **Crime Prevention Programs**

Evangel University provides crime prevention education and information to students annually through programs such as:

- *Self Defense Training* as part of new student orientation;
- *Sexual Harassment and Rape Prevention (SHARP)* training;
- *Residence Hall Access Control* protocols including: informing students of their responsibility for entering and exiting the building so as to protect the safety of others;
- *Operation Lockout* to emphasize the importance of securing residence hall rooms;
- *Issuance of Timely Warnings* to inform students of any criminal issues in order to prevent future incidents.

## **Monitoring Criminal Activity Off-Campus**

When an Evangel University student is involved in any off-campus criminal activity, EU Department of Public Safety officers may assist with the investigation in cooperation with local, state, or federal law enforcement.

The Evangel University Department of Public Safety maintains a working relationship with the Springfield Police Department, whose officers work and communicate with EU Public Safety officers on serious incidents occurring on campus or in the immediate neighborhood.

Evangel University does not operate any non-campus housing or non-campus student organization facilities.

## **Pastoral and Professional Counselors Reporting Policy**

In accordance with federal law U.S.C. Section 1092 (f), campus “Pastoral Counselors” and campus “Professional Counselors,” who are functioning only within the scope of their responsibilities as counselors (per the definitions below), are not considered to be campus security authorities and, therefore, are not required to report crimes for inclusion in the annual disclosure of campus crime statistics. It should be noted if a Pastoral Counselor or Professional Counselor qualifies as a CSA under some other standard they are not exempt and are required to report crimes for inclusion in the annual disclosure of campus crime statistics.

As a matter of policy, however, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures and requirement to report crimes for inclusion in the annual campus crime statistics.

The rulemaking committee defines counselors as:

### *Pastoral Counselor*

An employee of an institution, who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor

### *Professional Counselor*

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification

## **Missing Person Policy**

Every Evangel University employee and student has a duty to report a person believed to be missing to the Evangel University Department of Public Safety at (417) 865-2815 ext. 7000. The Department of Public Safety immediately investigates any report of an individual missing from campus.

It is the policy of Evangel University to provide each student residing in student housing facilities the option of identifying an individual to be contacted by the University in the event that the student is determined to be missing for a period of more than 24 hours. The students will provide this information during the registration process or throughout the semester on the student portal <https://web.evangel.edu/portal/student/>. The student will be advised that his or her “missing student” contact information will be registered confidentially, will be accessible only to authorized university officials, and may not be disclosed except to those officials and enforcement personnel engaged in a missing person investigation.

After investigating a missing person report, should EUDPS determine that the student has been missing for 24 hours, EU will notify SPD and the student’s “missing student” contact no later than 24 hours after the student is determined to be missing. Students under the age of 18, who are not emancipated individuals, shall be advised that the University is required to notify the student’s custodial parent or legal guardian within 24 hours after the Evangel University Department of Public Safety or another law enforcement agency determines that the student has been missing for more than 24 hours, in addition to notifying any contact person designated by the student.

## **Disclosure to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses**

Evangel University will, upon request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the university against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Evangel University will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

## **Sexual Assault, Domestic Violence, Dating Violence, Sexual Harassment and Stalking Policy**

Evangel University is committed to the respect of the human dignity of all employees, students and campus community and strives to maintain a safe,

Christian community free from all forms of sexual or physical intimidation and exploitation. Sexual assault, domestic violence, dating violence, sexual harassment, sexual exploitation, or stalking are not only incompatible with biblical standards of Christian conduct, but also are criminal acts that infringe on the rights of others. Evangel University has a zero tolerance policy for sexual violence and will not tolerate retaliation (threatened, attempted, or actual) against any individual for making a complaint under this policy. Therefore, sexual assault, domestic violence, dating violence, sexual harassment and stalking are prohibited by the University.

In educational institutions, sexual violence and other forms of harassment are prohibited by federal law (Title IX and Title VI of the Civil Rights Act of 1964); thus, is strictly prohibited as a matter of Evangel University policy. As a religious institution, Evangel retains the right to make legitimate employment, admission, and educational decisions on the basis of an individual's religious beliefs and conduct, consistent with applicable law.

Evangel encourages victims of sexual violence to report the incident to the university, as well as to law enforcement officials as soon as possible, so that we may care well for our community members.

This policy pertains to sexual assaults including rape, forcible fondling statutory rape, and incest; domestic assaults, dating violence and stalking that occur between students or against a student by a non-student perpetrator. This policy addresses the definition of sexual assault, domestic violence, dating violence and stalking and prevention efforts, how to report these crimes and gain assistance if it occurs, and the procedures for resolution of an incident

#### **A. Definitions**

##### **1. Sexual Assault**

The term *sexual assault* is defined as any non-consensual sexual physical contact that involves the threat or use of force or violence, or any other form of coercion or intimidation; any sexual physical contact with a person who is unable to give consent. It includes the crimes of rape, forcible fondling, statutory rape and incest as defined by the 2013 Violence Against Women Act and Missouri Revised Statutes. In Missouri, Chapter 566 covers Sexual Offenses. Rape is defined there under Statute 566.030. 1. A person commits the offense of rape in the first degree if he or she has sexual intercourse with another person who is incapacitated, incapable of consent, or lacks the capacity to consent, or by the use of forcible compulsion. Forcible compulsion includes the use of a substance administered without a victim's knowledge or consent which renders the victim physically or mentally impaired so as to be incapable of making an informed consent to sexual intercourse. 2. The offense of rape in the first

degree or an attempt to commit rape in the first degree is a felony for which the authorized term of imprisonment is life imprisonment or a term of years not less than five years, unless: (1) In the course thereof the actor inflicts serious physical injury or displays a deadly weapon or dangerous instrument in a threatening manner or subjects the victim to sexual intercourse or deviate sexual intercourse with more than one person, in which case the authorized term of imprisonment is life imprisonment or a term of years not less than fifteen years; (2) The victim is a child less than twelve years of age, in which case the required term of imprisonment is life imprisonment without eligibility for probation or parole until the offender has served not less than thirty years of such sentence or unless the offender has reached the age of seventy-five years and has served at least fifteen years of such sentence, unless such rape in the first degree is described under subdivision (3) of this subsection; or (3) The victim is a child less than twelve years of age and such rape in the first degree or attempt to commit rape in the first degree was outrageously or wantonly vile, horrible or inhumane, in that it involved torture or depravity of mind, in which case the required term of imprisonment is life imprisonment without eligibility for probation, parole or conditional release. 3. Subsection 4 of section 558.019 shall not apply to the sentence of a person who has been found guilty of rape in the first degree or attempt to commit rape in the first degree when the victim is less than twelve years of age, and "life imprisonment" shall mean imprisonment for the duration of a person's natural life for the purposes of this section. 4. No person found guilty of rape in the first degree or an attempt to commit rape in the first degree shall be granted a suspended imposition of sentence or suspended execution of sentence.

Note: For reference, *sexual harassment* is defined as any unwelcomed action of a sexual nature by a person (of the same or opposite sex), which results in sexual discrimination or a hostile environment. In some instances sexual assault may also constitute sexual harassment. For information regarding reporting of sexual harassment, as opposed to sexual assault, see the *Evangel University Sexual Harassment Policy*.

## **2. Consent**

The term *consent* is defined as an unambiguous and willful participation or cooperation in an act or as an attitude that is commonly understood to be consistent with the exercise of free will. Consent requires participants who are fully conscious, are equally free to act, have clearly communicated their willingness, cooperation, or permission to participate in a specific sexual activity, are positive and clear in their desires, and are able to cease ongoing consensual activity at any time. Refusal to consent does not have to be verbal; it can be expressed with gestures, body

language or attitude. A prior sexual history between the complainant and respondent does not constitute consent. Consent is not freely given if one of the following applies:

- a. The individual is unable to make an informed decision as a result of alcohol or other drugs (including but not limited to predatory drugs or prescribed medications); or
- b. The individual is unconscious, asleep, or suffering from shock; or
- c. The individual is under the age of seventeen and therefore legally unable to give consent; or
- d. The individual has a known mental disorder or developmental or physical disability, and therefore legally unable to give consent.

“No” means “No”

“No” can be expressed or implied, it does not have to be spoken.

“Yes” means “No” if conditions a, b, c, or d listed above exist.

Note: For the purposes of the University, use of alcohol by an offender neither diminishes personal responsibility nor is considered a mitigating factor in disciplinary sanctions should a violation be found to have occurred.

### **3. Domestic Violence/Dating Violence**

**Domestic Violence:** Includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person cohabitating with or has cohabitated with the victim as a spouse, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of Missouri.

**Dating Violence:** Means violence committed by a person—(a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (b) where the existence of such a relationship will be determined based on a consideration of the following factors:

- (i) The length of the relationship.

2. Domestic assault in the first degree is a class B felony unless in the course thereof the actor inflicts serious physical injury on the victim or has previously pleaded guilty to or been found guilty of committing this crime, in which case it is a class A felony.

**Domestic assault, second degree--penalty.**

565.073. 1. A person commits the crime of domestic assault in the second degree if the act involves a family or household member, including any child who is a member of the family or household, as defined in section 455.010, and he or she:

565.074. 1. A person commits the crime of domestic assault in the third degree if the act involves a family or household member, including any child who is a member of the family or household, as defined in section 455.010 and:

3. A person who has pleaded guilty to or been found guilty of the crime of domestic assault in the third degree more than two times against any family or household member as defined in section 455.010, or of any offense committed in violation of any county or municipal ordinance in any state, any state law, any federal law, or any military law which, if committed in this state, would be a violation of this section, is guilty of a class D felony for the third or any subsequent commission of the crime of domestic assault. #### **4. Stalking**

Stalking: Means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—a) fear for his or her safety or the safety of others; or b) suffer substantial emotional distress. In Missouri Stalking is defined as: A person commits the crime of stalking if

Disciplinary action under the Evangel University student conduct code is independent of any legal proceedings. This action may run concurrently with or in addition to any law enforcement investigation or court proceedings. The following sections of this protocol summarize some of the steps in the disciplinary procedures implemented by the Vice President of Student Development.

- i. **Parties.** In the disciplinary process, the victim of a sexual assault, domestic violence, dating violence or stalking is referred to as the complainant, and the student who assaulted or stalked the survivor is referred to as the accused student. Collectively, the complainant and the accused student are referred to as the parties for the particular case.

- iii. **Administrative Resolution.** The Vice President for Student Development will conduct an investigation to determine if the complaint has merit. Unless the complaint is found to be without merit, the Vice President for Student Development will seek to resolve the matter administratively by determining the nature and severity of the violations and by reaching an agreement with the accused student on the appropriate sanctions for such violations. The Vice President for Student Development will confer with the complainant prior to completing an agreement with the accused student. If the complainant is dissatisfied with the completed agreement, the complainant may appeal to the University Accountability Board.
- iv. **Written Charges.** If the complaint cannot be resolved administratively by mutual consent, the Vice President for Student Development will prepare written charges against the accused student. The charges will be forwarded to the University Accountability Board, and copies will be sent to the accused student and the complainant by the Vice President for Student Development.
- v. **Hearing Date.** The University Accountability Board will set the time and place for the hearing, and both the accused student and the survivor will be given notice of the hearing at least 48 hours in advance of the date. Either party may request the board to delay the hearing for good cause.
- vi. **Hearing Guidelines.** The hearing will be administrative in nature, and every attempt will be made to assure a fair and impartial hearing. Following is a summary of the guidelines for such hearings.
- vii. **Closed Hearings.** Hearings will be conducted in closed session. The parties may be present during the hearings, but may not be present during the deliberations of the board.
- viii. **Advisors.** The complainant and the accused student each will have the right to be assisted by an advisor.
- ix. **Admission of Others.** Admission of witnesses and other persons to the hearing will be subject to the discretion of the board, as permitted by the Family Educational Rights and Privacy Act.

- x. **Witnesses.** The parties will have the privilege of presenting witnesses, and the board may call additional witnesses.
- xi. **Cross-Examination.** The members of the board may question and cross-examine witnesses. The parties and/or their advisors may not cross-examine witnesses or other parties, but may suggest questions to be asked by the chairperson of the board.
- xii. **Deliberation and Voting.** After the hearing, the board will deliberate and then determined whether or not a majority of the members believe the accused student violated the Community Standards of Conduct.
- xiii. **Standard of Required Proof.** The board's determination will be made on the basis of whether it is more likely than not that the accused student violated the Community Standards of Conduct, which is equivalent to the "preponderance of the evidence" standard.
- xiv. **Reopening of Hearing on Question of Sanctions.** If the board finds that the accused student committed one or more violations of the Community Standards of Conduct, the board may recall the parties, and any other witnesses, to receive evidence or statements about the appropriateness of disciplinary sanctions. Such evidence may include testimony of character witnesses on behalf of the accused student, evidence of prior acts of misconduct, and/or a survivor's impact statement.
- xv. **Disciplinary Sanctions.** Based on its findings of violations, or the lack of violations, and its information about the appropriateness of sanctions, the board will determine the disciplinary sanctions to be recommended to the Vice President for Student Development for imposition against the accused student. If the accused is found to be in violation of the Sexual Assault policy, then the minimum sanction is *Immediate Suspension* for one year, plus evidence of successful counseling prior to readmission; additional sanctions may include the maximum sanction of *Dismissal*, meaning permanent separation from the University. If the accused is found to be in violation of the policy against domestic violence, dating violence or stalking the sanctions my include, official warning, Alert Level 1, Alert Level 2, Probation Level 1, Probation Level 2, Withdrawal, Suspension or Dismissal.

**Announcement of Decision.** Upon conclusion of its deliberations, the board will unconditionally inform both parties of its findings and any sanctions simultaneously in writing. Both the complainant and the accused student may appeal the hearing board decision to the University Appeals Board.

## Sex Offender Registry

In accordance with the *Campus Sex Crimes Prevention Act of 2000*, which amends the *Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act*, the *Jeanne Clery Act*, and the *Family Educational Rights and Privacy Act of 1974*, the Evangel University Department of Public Safety provides a link to publicly accessible Internet web sites containing the *Missouri Sex Offender Registry* and the *Greene County Sex Offender List*. This law also requires sex offenders, who already are required to register in a state, to provide notice of each institution of higher education in that state at which the person is employed or enrolled as a student.

Individuals included on the web sites are included solely by virtue of their conviction record and Missouri state law. The primary purpose of providing this information is to make the information easily available and accessible, not to warn about any specific individual. Anyone who uses this information to commit a criminal act against another person is subject to criminal prosecution.

## **Alcohol & Drug Policy**

Maintaining our personal health and mental well-being is an essential part of our commitment at Evangel University to serve Christ. As a demonstration of that commitment, we expect everyone in the Evangel University community (including employees, resident students, commuter students and graduate/ professional studies students), while on or off University property, to refrain from the manufacture, possession, use or distribution of illegal drugs, synthetic drugs (K2 and other synthetic cannabinoids, bath salts, or products used in a similar manner), alcoholic beverages and tobacco products and to avoid the abuse of prescription or nonprescription drugs. Providing, purchasing, attempting to purchase, or facilitating the purchase of alcoholic beverages is likewise prohibited. "Use" includes consumption by any means. Students are considered "in possession" and responsible for alcoholic beverages that have been determined to be on their person or in their residence or vehicle. Consistent with Missouri law, the University prohibits the use or possession of an alcohol beverage vaporizer. The University reserves the right to check for compliance with this alcohol policy by various means, including active and passive alcohol sensors.

We offer support services to students and employees who may be struggling with this area of their commitment to a Christian lifestyle. They can seek professional Christian counseling services and health services at the Student Union Wellness Center (865-2815 ext. 7280). There is no charge for these short-term counseling and health services, and confidentiality is guarded carefully. No information is shared with anyone without the client's permission. Students or employees needing long-term therapy generally are referred to professionals off campus at their own expense. The campus pastor is available for pastoral counseling. Students are encouraged also to seek prayer, guidance and encouragement from members of the faculty and Student Development staff.

Students and employees may obtain, from the office of the Vice President for Student Development, a free copy of the University's complete Drug and Alcohol Abuse Prevention Program policy, which includes a listing of off- campus community counseling and treatment facilities; a description of local, state and federal legal sanctions; plus University consequences for violations that include the following provisions:

If found to be in violation of University standards but permitted to continue as a part of the community on probationary status, the student may be subject to mandatory counseling (on or off campus), periodic inspections and/or supervised, random drug tests

at a medical facility over a given period of time. The student will be responsible solely for costs of the drug screens and off-campus counseling.

Any member of the Evangel University community who refuses to take a field sobriety test, Breathalyzer test, or drug test, and/or refused to provide consent for Evangel to be apprised of the testing results, shall be considered to be in violation of the University's Alcohol and Other Drug Policy. Student organizations are under the same legal requirements as individuals concerning local, state and federal laws. Any violation of these laws in conjunction with a student organization activity constitutes a violation of University policy. Violations of policy could result not only in disciplinary action against the individual(s) involved, but also in suspension or loss of University recognition of the organization.

#### **Drug and Alcohol Abuse Prevention Program**

##### **Preamble**

Evangel University is affiliated with the Assemblies of God, a community of churches that emphasizes the importance of surrendering our lives to Christ and living lives which, by the power of the Holy Spirit, demonstrate God’s call for us to be Christ-like in all that we do. As a result of this affiliation and commitment to God’s call, and in compliance with the *Drug Free Schools and Communities Acts Amendments of 1989*, Evangel University defines in this policy the lifestyle expectations and requirements for students that relate to the manufacture, possession, use, or distribution of illegal drugs, alcoholic beverages, and tobacco products as well as the abuse of prescription and nonprescription medications.

##### **A. Policy**

Maintaining our personal health and mental well-being is an essential part of our commitment at Evangel University to serve Christ. This policy also applies to all guests while visiting on our campus or attending University sponsored events outside of the campus. As Christians, we believe that this commitment to abstinence is a responsible way to avoid the alcohol and drug abuse problems that cause such great damage and cost to our society and its families.

##### **B. Support Services**

3. Federal sanctions--United States Code prohibits the following acts:

- a. Alcohol offenses: Legal sanctions for the unlawful possession or distribution of alcohol are found primarily in state and local law.

## **G. Health Risks Associated with Use of Illegal Drugs and Abuse of Alcohol**

1. Alcohol:
  - a. Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other

depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

- b. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and the liver.
- c. Infants and children develop fetal alcohol syndrome (FAS) as a result of maternal alcohol intake during pregnancy. In severe cases, children with FAS are born with physical abnormalities and mental retardation. But central nervous system damage leading to learning problems, lack of impulse control, hyperactivity and emotional/social difficulties in children can occur with even small amounts of maternal alcohol intake. There is no safe level of alcohol consumption during pregnancy. [Paragraph 1.c. revised 10-12-04.]

## 2. Cannabis:

- a. All forms of cannabis have negative physical and mental effects. Several regularly observed physical effects of cannabis are a substantial increase in the heart rate, bloodshot eyes, a dry mouth and throat and increased appetite.
- b. Use of cannabis may impair or reduce short-term memory and comprehension, alter sense of time and reduce ability to perform tasks requiring concentration and coordination, such as driving a car. Research also shows that students do not retain knowledge when they are "high." Motivation and cognition may be altered, making the acquisition of new information difficult. Marijuana can also produce paranoia and psychosis.
- c. Because users often inhale the unfiltered smoke deeply and then hold it in their lungs as long as possible, marijuana is damaging to the lungs and pulmonary system. Marijuana smoke contains more cancer-causing agents than tobacco smoke.
- d. Long-term users of cannabis may develop psychological dependence and require more of the drug to get the same effect. The drug can become the center of their lives.

## 3. Inhalants:

- a. The immediate negative effects of inhalants include nausea, sneezing, coughing, nosebleeds, fatigue, and lack of coordination and loss of appetite. Solvents and aerosol sprays also decrease the heart and respiratory rates and impair judgment. Amyl and butyl nitrates cause rapid pulse, headaches and involuntary passing of urine and feces. Long-term use may result in hepatitis or brain damage.
- b. Deeply inhaling the vapors, or using large amounts over a short time, may result in disorientation, violent behavior, unconsciousness, or death. High concentrations of inhalants can cause suffocation by displacing the oxygen in the lungs or by depressing the central nervous system to the point that breathing stops.
- c. Long-term use can cause weight loss, fatigue, electrolyte imbalance and muscle fatigue. Repeated sniffing of concentrated vapors over time can permanently damage the nervous system.

4. Cocaine:
  - a. Cocaine stimulates the central nervous system. Its immediate effects include dilated pupils and elevated blood pressure, heart rate, respiratory rate and body temperature. Occasional use can cause a stuffy or runny nose, while chronic use can ulcerate the mucous membrane of the nose.
  - b. Injecting cocaine with contaminated equipment can cause AIDS, hepatitis and other diseases.
  - c. Preparation of freebase, which involves the use of volatile solvents, can result in death or injury from fire or explosion.
  - d. Cocaine can produce psychological and physical dependency, a feeling that the user cannot function without the drug. In addition, tolerance develops rapidly.
  - e. Crack or freebase rock is extremely addictive and its effects are felt within 10 seconds. The physical effects include dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, tactile hallucinations, paranoia and seizures.
  - f. The use of cocaine can cause death by cardiac arrest or respiratory failure.
5. Other stimulants:
  - a. Stimulants can cause increased heart and respiratory rates, elevated blood pressure, dilated pupils and decreased appetite. In addition, users may experience sweating, headaches, blurred vision, dizziness, sleeplessness and anxiety. Extremely high doses can cause a rapid or irregular heartbeat, tremors, loss of coordination and even physical collapse.
  - b. An amphetamine injection creates a sudden increase in blood pressure that can result in stroke, very high fever, or heart failure.
  - c. In addition to the physical effects, users report feeling restless, anxious and moody. Higher doses intensify the effects.
  - d. Persons who use large amounts of amphetamines over a long period of time can develop an amphetamine psychosis that includes hallucinations, delusions and paranoia. The symptoms usually disappear when drug use ceases.
6. Depressants:
  - a. The effects of depressants are in many ways similar to the effects of alcohol. Small amounts can produce calmness and relaxed muscles, but somewhat larger doses can cause slurred speech, staggering gait and altered perception. Very large doses can cause respiratory depression, coma and death. The combination of depressants and alcohol can multiply the effects of the drugs, thereby multiplying the risks.
  - b. The use of depressants can cause both physical and psychological dependence. Regular use over time may result in a tolerance to the drug, leading the user suddenly stop taking large doses, they may develop withdrawal symptoms ranging from restlessness, insomnia and anxiety to convulsions and death.
  - c. Babies born to mothers who abuse depressants during pregnancy may be physically dependent on drugs and show withdrawal symptoms shortly after they are born. Birth defects and behavioral problems also may result.
7. Hallucinogens:

- a. Phencyclidine (PCP) interrupts the functions of the neocortex, the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries. The effects of PCP vary, but users frequently report a sense of distance and estrangement. Time and body movements are slowed down. Muscular coordination worsens and senses are dulled. Speech is blocked and incoherent. Chronic users of PCP report persistent memory problems and speech difficulties. Some of these effects may last 6 months to a year following prolonged daily use. Mood disorders--depression, anxiety and violent behavior--also occur. In later stages of chronic use, users often exhibit paranoid and violent behavior and experience hallucinations. Large doses may produce convulsions and coma, as well as heart and lung failure.
  - b. Lysergic acid (LSD), mescaline and psilocybin cause illusions and hallucinations. The physical effects may include dilated pupils, elevated body temperature, increased heart rate and blood pressure, loss of appetite, sleeplessness and tremors. Sensations and feelings may change rapidly. It is common to have a bad psychological reaction to LSD, mescaline and psilocybin. The user may experience panic, confusion, suspicion, anxiety and loss of control. Delayed effects, or flashbacks, can occur even after use has ceased.
- 8. Narcotics:
  - a. Narcotics initially produce a feeling of euphoria that often is followed by drowsiness, nausea and vomiting. Users also may experience constricted pupils, watery eyes and itching. An overdose may produce slow and shallow breathing, clammy skin, convulsions, coma and possible death. Tolerance to narcotics develops rapidly and dependence is likely.
  - b. The use of contaminated syringes may result in disease such as AIDS, endocarditis and hepatitis. Addiction in pregnant women can lead to premature, stillborn, or addicted infants who experience severe withdrawal symptoms.
- 9. Designer drugs:
  - a. Illegal drugs are defined in terms of their chemical formulas. To circumvent these legal restrictions, underground chemists modify the molecular structure of certain illegal drugs to produce analogs known as designer drugs. These drugs can be several hundred times stronger than the drugs they are designed to imitate.
  - b. Many of the so-called designer drugs are related to amphetamines and have mild stimulant properties but are mostly euphorants. They can produce severe neuro-chemical damage to the brain. The narcotic analogs can cause symptoms such as those seen in Parkinson's disease: uncontrollable tremors, drooling, impaired speech, paralysis and irreversible brain damage. Analogs of amphetamines and methamphetamines cause nausea, blurred vision, chills or sweating and faintness. Psychological effects include anxiety, depression and paranoia. As little as one dose can cause brain damage. The analogs of phencyclidine cause illusions, hallucinations and impaired perception.
