Bachelor of Business Administration in Accounting

In addition to the Core Business Program Outcomes, the following Program Learning Outcomes have been established by Evangel faculty to define the areas of knowledge and skills that students graduating from this major degree program should have developed:

1. Explain core accounting concepts and demonstrate technical competence through the application of Generally Accepted Accounting Principles.

2. Discuss ethical issues facing the accounting profession and incorporate an ethical perspective in the accounting environment.

3. Make use of efficient and effective professional communication.

4. Prepare tax returns and documents based on an accurate understanding of tax laws.

5. Discuss auditing theory, procedures and risk analysis.

6. Demonstrate readiness to work in the field of accounting and meet the accounting-specific educational requirements needed to take the CPA exam.
