

## Bachelor of Arts and Bachelor of Science in Social Work

---

The following Program Learning Outcomes have been established by Evangel faculty to define the areas of knowledge and skills that students graduating from this major degree program should have developed.

1. Students will use critical thinking skills and knowledge based on scientific inquiry in the application of the problem-solving process with multi-level client systems within a strengths-based person-in-the-environment framework.
2. Students will have an understanding and respect for various forms of diversity and special populations and apply strategies for effective practice.
3. Students will demonstrate commitment to advocate for social and economic justice and human rights in the delivery of preventative services, interventions, and policy practice.
4. Students will demonstrate ethical practice through self-awareness, life-long learning, and professional leadership.
5. Within the context of a faith based liberal arts institution, students will impact campus awareness surrounding social issues such as poverty and social injustice.
