

Master of Education in Educational Leadership

The following Program Learning Outcomes have been established by Evangel faculty to define the areas of knowledge and skills that students graduating from this major degree program should have developed.

Introduction The Missouri Leader Standards convey the expectations of performance for professional leaders in Missouri. The standards are based on the national Interstate Leaders Licensure Consortium (ISLLC) Standards which emphasize the leader as a competent manager and instructional leader who continuously acquires new knowledge and skills and is constantly seeking to improve their leadership practice to provide for high academic achievement for all students. Thus these standards recognize that leaders continuously develop knowledge and skills.
