

Bachelor of Science in Multidisciplinary Studies

The following Program Learning Outcomes have been established by Evangel faculty to define the areas of knowledge and skills that students graduating from this major degree program should have developed. At the conclusion of this program, students will be able to:

1. **Effective Communication:** Demonstrate effective, context-appropriate oral, written, and visual communication.
2. **Synthesis of Knowledge:** Synthesize knowledge from various disciplines to address complex problems.
3. **Integration of Faith, Learning, and Life:** Construct a personal philosophy for the integration of faith within personal, academic, and professional contexts.
4. **Real-World Application:** Discuss application of interdisciplinary knowledge to real-world situations.
