Healthcare/Nursing

Evangel's Nursing Program is a cooperative effort with Cox College. Participants earn two Bachelor's degrees: a B.S. in Health Care from Evangel and a B.S.N. from Cox. This is an all-inclusive, fully-accredited, 4-year program. As EU students, they live on campus and participate in Evangel student life. Students complete nursing prerequisite courses and nearly all General Education requirements during the first three semesters. During the last five semesters, students take courses in nursing theory and clinical work at Cox, using the clinical facilities of the Cox Health Systems network. The B.S.N. requirements must be met before students receive the B.S. in Healthcare. When they complete the program, students are eligible to take the NCLEX exam which qualifies them for licensure as Registered Nurses.

Suggested Course Sequencing: Recommend 15 – 18 semester hours;
however, attending summer school will reduce semester hours.
