PHYSICAL THERAPY EXPERIENCE:

Cox Outpatient Physical Therapy, Monett, Missouri

November 2001- June 2002

Licensed Physical Therapist- Evaluated and treated individuals in an outpatient orthopedic setting. Majority of referrals included SI dysfunction, low back pain, cervical instability, adhesive capsulitis, rotator cuff tears, ankle sprains, and posture related cervical strains. Instruction emphasized the Dos Winkle approach to treatment.

St. Johns Outpatient Physical Therapy, Springfield, Missouri

November 1998 - December 1998

Student Physical Therapist Intern - Evaluated and treated individuals in an outpatient orthopedic setting. Majority of referrals included SI dysfunction, low back pain, cervical instability, adhesive capsulitis, rotator cuff tears, ankle sprains, and posture related cervical strains. Orthotic castings and manufacturing were implemented with foot and ankle dysfunctions. Instruction emphasized the Stanley Paris approach to treatment..

Springfield Public Schools - Special Education Department,

Springfield, Missouri

October 1998 - November 1998

Student Physical Therapist Intern - Evaluated and treated school aged children with a wide variety of neurologic disabilities throughout the R-12 District to help facilitate learning in the least restrictive environment.

Cox - Regional Center for Sports Medicine and Rehabilitation,

Springfield, Missouri

January 1998 - March 1998

Student Physical Therapist Intern - Evaluated and treated individuals in an outpatient orthopedic setting. Majority of referrals included SI dysfunction, low back pain, cervical instability, adhesive capsulitis, rotator cuff tears, ankle sprains, and posture related cervical strains. Instruction emphasized the Dos Winkle approach to treatment.

Healthsouth, Springfield, Missouri

August 1994-June 1995

Physical Therapist Technician - assisted physical therapist with patient treatment using

a wide variety of modalities including: electrical stimulation, fluidotherapy, iontophoresis, phonophoresis, ultrasound, contrast baths, moist hot packs, and whirlpools. Also assisted with orthotic splinting, functional capacity evaluations, isokinetic dynamometer exercise equipment and gait training.
