- ▲ Final exams are schedule for **May 2-4**.

<input checked="" type="checkbox"/>	Course Title and Catalog Description	Lecture Number	Credit Hours	Meeting Day(s)	Class Time	Location	Cost
<input type="checkbox"/>	SOCI 111 Introduction to Sociology Basic principles of social structures and processes. Major concepts and the scientific point of view in dealing with social phenomena. Social institutions and their interrelationships. Prerequisite to advanced courses.	LEC 1	3	Tues/Thurs	11-12:15 pm	Task Hall, 101	\$195
<input type="checkbox"/>	BIOL 101 Biological Science Introductory course in biological science emphasizing the development of critical thinking skills in science, procedure skills, and content competency. Laboratory is required and involves scientific inquiry methods and a research component. Requires lab.	LEC 1	3	Mon/Wed/Fri	11-11:50 am	Zimmerman Hall, 105	\$195
<input type="checkbox"/>	BIOL 101 Biological Science Lab Laboratory course accompanying BIOL 101 lecture, 2 hours per week. Cost includes \$45 lab fee.	LAB 51	1	Mon	1-2:50 pm	Zimmerman Hall, 303	\$105
<input type="checkbox"/>		LAB 54		Wed	1-2:50 pm	Zimmerman Hall, 303	\$105
<input type="checkbox"/>	BIOL 123 Nutrition Study of the nutritional requirements of human beings with emphasis on the roles of nutrients throughout the life cycle. Fulfills a Core Curriculum science requirement.	LEC 1	3	Mon/Wed/Fri	8:45-9:35 am	Trask Hall, 101	\$195
<input type="checkbox"/>	CPSC 101 Introduction to Personal Computers Survey of personal computers and applications. Introduces general computer concepts and terminology with emphasis on using the personal computer as a tool for knowledge workers. Popular software applications examined include word processing, data management, electronic spreadsheets, and computer graphics.	LEC 1	3	Tues/Thurs	3-4:15 pm	Zimmerman Hall, 321	\$195

<input checked="" type="checkbox"/>	Course Title and Catalog Description	Lecture Number	Credit Hours	Meeting Day(s)	Class Time	Location	Cost
<input type="checkbox"/>	CHEM 101 Introduction to Chemistry A preparatory course emphasizing competency in the fundamentals and basic concepts of general chemistry. The development of critical thinking and mathematical skills in science along with problem solving procedure development is also covered.	LEC 1	3	Mon/Wed/Fri	1-1:50 pm	Zimmerman Hall, 317	\$195
<input type="checkbox"/>	GSCI 112 Meteorology Introduction to the physical processes governing weather events and the resulting pattern of climates developed over the earth's surface. Topics include atmospheric composition, temperature, pressure, humidity, wind, radiation processes, clouds, condensation and precipitation, the hydrologic cycle, atmospheric stability, circulation systems, air masses and fronts, hurricanes, thunderstorms, flash floods, hail, lightning, tornadoes, El Nino, global warming, climate classification, climate change, and seasons of the year. Requires lab.	LEC 1	3	Tues/Thurs	2-3:15 pm	Zimmerman Hall, 317	\$195
	GSCI 112 Meteorology Lab Laboratory course accompanying GSCI 112 lecture, 2 hours per week. No lab fee.	LAB 51	1	Thurs	3:15-5:15 pm	Zimmerman Hall, 317	\$65
<input type="checkbox"/>	MATH 129 Pre-Calculus Algebra A study of the development of the real number system; algebraic operations; inequalities; linear, quadratic, and polynomial functions and their zeroes; inverse functions; exponential and logarithmic functions; complex numbers; and trigonometry. Prerequisite: Two years high school algebra or equivalent.	LEC 1	3	Tues/Thurs	11-12:15 pm	Zimmerman Hall, 317	\$195
<input type="checkbox"/>	MATH 210 Elementary Statistics Descriptive statistics including univariate, bivariate, and multivariate data; binomial and normal probability distributions; and confidence intervals, parametric, and non-parametric hypothesis tests. Uses a statistical software package such as SPSS.	LEC 2	3	Tues/Thurs	2-3:15 pm	Zimmerman Hall, 102	\$195
<input type="checkbox"/>	ECON 212 Principle of Macroeconomics Introduction to economic problems of finance, labor, employment, international trade, social problems, price and wage structure, prosperity and depressions, inflation and deflation, and the role of government in the economic field.	LEC 1	3	Mon/Wed/Fri	1-1:50 pm	Zimmerman Hall, 113	\$195
<input type="checkbox"/>	GOVT 170 Introduction to American Government Analysis of the structure, principles, and processes of the American federal government.	LEC 1	3	Mon/Wed/Fri	8:45-9:35 pm	Zimmerman Hall, 104	\$195
<input type="checkbox"/>	PSYC 112 Introduction to Psychology Introduction to basic procedures in the study of behavior and to elementary principles of conditioning, motivation, emotion, personality, sensation, perception, abnormal behavior, psychotherapy, and social dynamics.	LEC 1	3	Tues/Thurs	2-3:15 pm	Trask Hall 309	\$195

<input checked="" type="checkbox"/>	Course Title and Catalog Description	Lecture Number	Credit Hours	Meeting Day(s)	Class Time	Location	Cost
<input type="checkbox"/>	THTR 110 Introduction to Theatre Explores production theories, writes about production problems, and attends professional play productions.	LEC 1	3	Tues/Thurs	9:30-10:45 am	Fine Arts Building, 139	\$195
<input type="checkbox"/>	FREN 116 Elementary French II Elements of French grammar and the most commonly used idiomatic patterns with both oral and written exercises. The second semester includes readings in French history, customs, and literature. Meets five days a week. No prerequisite; placement assessment available.	LEC 1	4	Tues/Thurs	3:30-5:35 pm	Trask Hall, 212	\$260
<input type="checkbox"/>	SPAN 116 Elementary Spanish II Elements of Spanish grammar and the most commonly used idiomatic patterns with oral and written exercises. Second semester includes readings in Spanish history, customs, and literature. No prerequisite; placement assessment available.	LEC 1	4	Mon/Tues/Wed/Thurs/Fri	2-2:50 pm	Trask Hall, 204	\$260
<input type="checkbox"/>	LEAD 250 Personal Leadership Provides practical insights and approaches to develop the disciplines necessary to lead an effective personal life. The course includes tools and processes to identify and develop personal strengths and accountability for personal growth.	LEC 1	3	Tues/Thurs	8-9:15 am	Zimmerman Hall, 102	\$195
