

Evangel Housing

Dorm Room Layout

At Evangel, community begins in the dorms. Hall and floor events foster conversation and friendship that enhance the EU experience. Many of our alumni take pride in their residence halls and to this day will identify themselves by the hall they lived in during their college years.

All rooms are set up as suites. Between every two rooms is a common shared bath, meaning a little more privacy and more space to call your own.

All Rooms Include:

- Two twin beds (extra long twins are provided in men's rooms and by request)
- One dresser (H 36", W 30", D 20")
- Two desks (H 30", W 48", D 24")
- Two desk chairs
- Two ethernet ports

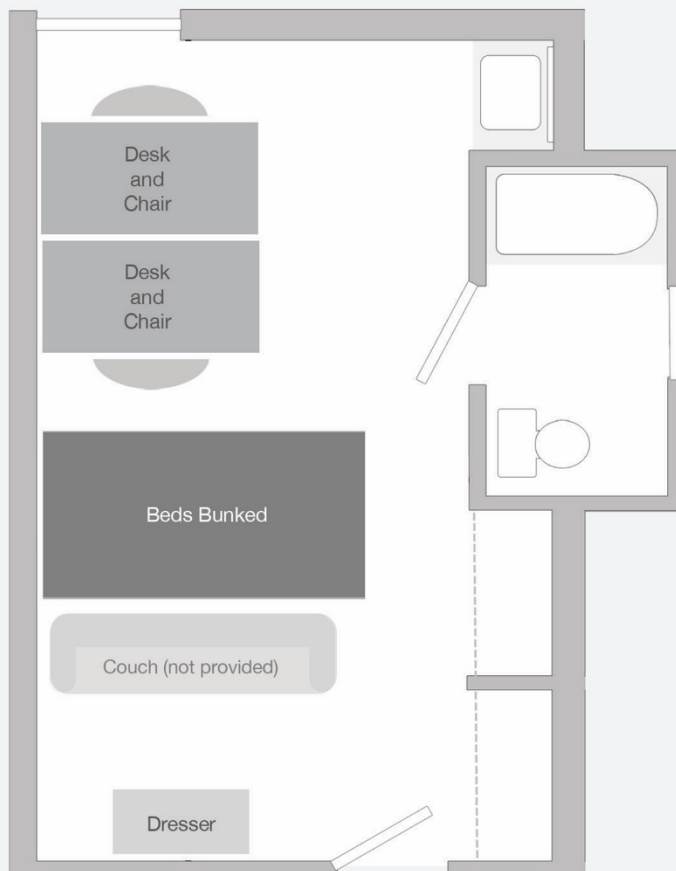

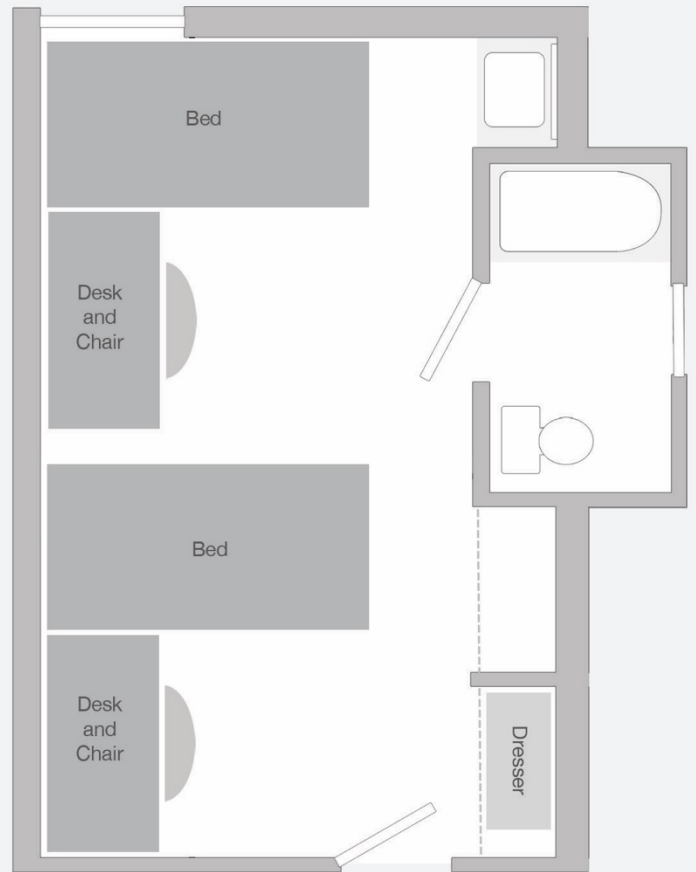

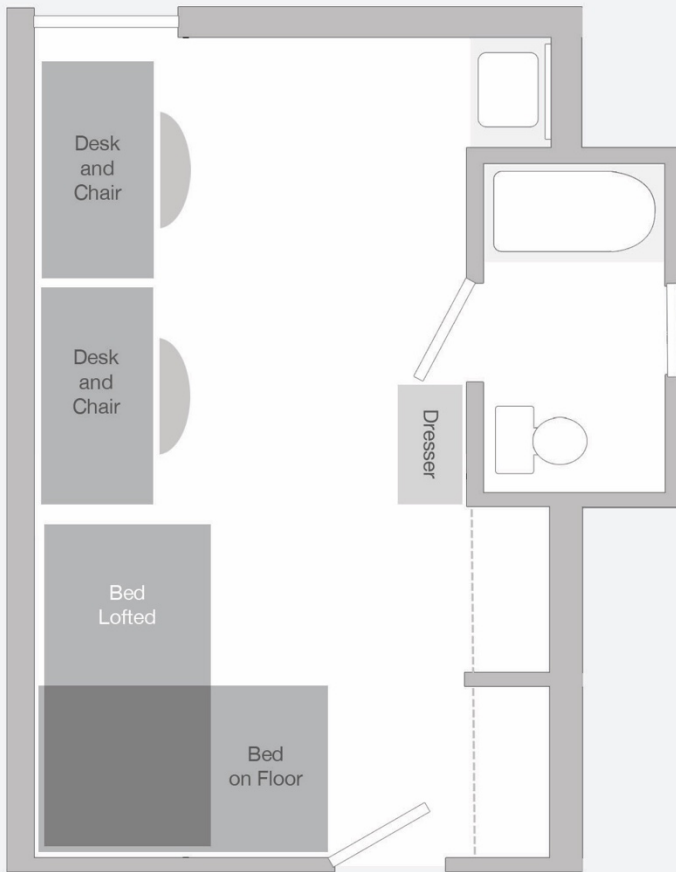

Welcome to Evangel!

From hall traditions to just hanging out on the floor, EU residence halls are the perfect place to call home.

Popular Room Layouts

Figuring out your room configuration can be a lot of fun. Below are a few popular examples.

Lofts are a great way to save space and find creative layouts!

All rooms come furnished with a hi-low loft set that may be bunked, lofted (one bed up/one bed down) or left separate. Lofting or bunking your beds is an easy way to increase your room layout options by expanding the usable floor space in order to more easily add a sofa, TV, or refrigerator!
