		GSCI 115 (4 cr) /CHEM 111 (4 cr) /CHEM 110 (4 cr) with lab	4
	15		16
Course credits shown include 1 credit of Free Enterprise elective, total 124 which is the amount required to graduate. While not required, students are encouraged to earn credits for participation in FBLA (MRKT 194/294 Free Enterprise) or the Student Investment Group (FIN 299). Substitute another course if you are not required to take the course listed because of ACT/SAT scores or a transfer course. See the degree sheet to identify courses that are offered only one semester a year or every other year. Students are ultimately responsible for meeting all of the requirements of their degree program; we encourage each student to work closely with the assigned academic adviser for guidance. Before entering your Junior year, ask for assistance in developing a graduation plan with projected daily schedules for each remaining semester to help assure that you will complete your major with preferred electives without conflicting course times.
