

Evangel University - Department of Business

MINORS & CERTIFICATES

The business minors shown below are designed for students who want to include business with a major in another department. Even so, students with a business major can choose to complete a minor using electives in the major. Less credits than shown are required because several of the courses in each minor are included in the Business Foundation curriculum.

Accounting Minor				Human Resource Management Minor			
	Frq	Cr	R		Frq	Cr	R
