

ADDICTION STUDIES (ONLINE)

2026-27 Fact Sheet

Earn your bachelor's degree in Addiction Studies and make a lasting difference in the lives of others. Completing an accredited college degree will enhance your career prospects in the field of addiction treatment and recovery as well as propel you into graduate programs and professional licensure.

Evangel University's Adult Studies **Bachelor of Science in Addiction Studies** provides the foundational skills needed to address **emotional, relational, and cognitive issues**. consists of 15 relevant and practical courses which cover the science and theory of addiction, research supported treatments, report writing, group facilitation, case management, cultural diversity, domestic abuse, and professional ethics. In addition, gain hands-on experience and documented hours needed to pursue state credentials through 300 hours of supervised practicum.

Outcomes you can expect to achieve:

- Knowledge of scientific models and effective treatments of chemical and behavioral addictions.
- Ability to apply skills and techniques in case management, group facilitation, assessment, and interpersonal helping.
- Demonstrate professional ethical standards and Christian faith integration as an addiction practitioner
