

Name: _____ Date: _____ Advisor: _____

Physical Science Minor

The Physical Science Minor is available to all majors. It indicates training in chemistry and physics while offering electives in additional physical science disciplines. A minimum of 18 credits are required.

Program Requirements

Required (8-10 credits)	Cr	<input checked="" type="checkbox"/>
CHEM 110 Chemistry for the Health Sciences or CHEM 111 General Chemistry I	4-5	
PHYS 110 Introduction to Physics or PHYS 211 General Physics I	4-5	
Electives (8-10 credits)		
Any CHEM courses for which pre-requisites have been met excluding CHEM 101 (4-5 credits each)	4-5	
Any PHYS courses for which pre-requisites have been met (3-5 credits each)	3-5	
GSCI 111 Soils with laboratory	4	
GSCI 112 Meteorology with laboratory	4	
GSCI 113 Earth Science with laboratory	4	
	18	
Recommendation: Pre-professional students intending to attend graduate school should complete the following lectures with labs: CHEM 111, 112, and 271; PHYS 211 or 231 and PHYS 212 or 232	Revised	SP26
