2026-2027 V5 Verification Worksheet

Dependent Student

Your 2026-2027 FAFSA was selected for review in a process called Verification. To verify that you provided correct information, Evangel University will compare your FAFSA with the information on this worksheet and with any other required documents. The law states that before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. If there are differences, you or the school may need to make corrections. Contact the Office of Financial Aid with any questions.

A. Dependent Student's Information

Student's Last Name	Student's First Name	Student's M.I.	Student ID #	Student's D.O.B.
---------------------	----------------------	----------------	--------------	------------------

B. Family Information

List below the people included in your family (include each individual's age):

- You, the Student
- The student's parents, even if the student is not living with them. Exclude a parent who has died or is not living in the household because of separation or divorce. Include a parent who is on active duty in the U.S. Armed Forces apart from the family.

*If your parents are divorced, only include the family members of the parent who provided the greater portion of the student's financial support for the 12 months prior to filing the FAFSA even if the student does not live with that parent or lives with the other parent. If equal support is given, include the family members of the parent with the higher income or assets.

The student's siblings if the following are true:

- They live with the student's parents (or live apart because of college enrollment),
- They receive more than half of their support from the student's parents, and
- They will continue to receive more than half their support from the student's parents during the award year.

Other persons if the following are true:

- They live with the student's parents,
- They receive more than half of their support from the student's parents, and
- They will continue to receive more than half their support from the student's parents during the award year.

The provided criteria for "dependent children" or "other persons" align with the requirement that family size align with whom the parent could claim as a dependent on a U.S. tax return if the parent were to file a U.S tax return at the time of completing the 2026-2027 FAFSA. As a result, the parent should not include any unborn children in the family size.
