

College of Arts and Sciences

Business Department

Bachelor of Business Administration in Accounting

The following Program Learning Outcomes have been established by Evangel faculty to define the areas of knowledge and skills that students graduating from this major degree program should have developed. At the conclusion of this program, students will be able to:

1. **Outcome 1: GAAP**

Apply core accounting concepts and demonstrate technical competence through the application of Generally Accepted Accounting Principles.

2. **Outcome 2: Tax Law**

Prepare tax returns and documents based on an accurate understanding of tax laws.

3. **Outcome 3: Auditing**

Discuss auditing theory, procedures, and risk analysis.

4. **Outcome 4: Technologies**

Demonstrate knowledge of, and the essential ability to respond to change in the world of digital tools and technologies as it relates to the accounting profession.

5. **Business Foundations Outcome: Analytics and Quantitative Skills**

Apply analytic and quantitative techniques to implement data-driven decisions.
